# TERMS OF SALE.

PHILADELPHIA, January 24, 1901.

All bills purchased after this date will be charged at the prices quoted herein,—unless *special offers* are made by letter or telegram and *referred to* in the order. Not less than ten pounds of one variety will be invoiced at the rates per hundred pounds.

**SEALED PACKAGES.**—We make no charge for sealing **pounds, pecks, or bushels**, but, at the low bulk prices quoted herein, we charge for putting up in smaller sealed packages, as follows:

**In Ounces.**—One cent per ounce.

**In Quarter-Pounds, Pints, and Quarts.**—Two cents for each package.

**In Two-Quarts and Four-Quarts.**—A charge of three cents per package.

**TERMS OF CREDIT.**—To regular customers and well-known houses of established credit, all bills bought from this Catalogue are due June 1st, without regard to date of purchase. *All accounts are subject to sight draft on June 10th if payment is not received previously by mail.* Goods purchased after June 1st are payable on October 1st and subject to sight draft.

 Bills purchased on *special quotations*, made by letter or telegram, are due three months from date of invoice, or subject to a discount of one and a half per cent. if paid within ten days.

 **Grass and Clover Seeds, Onion Sets, and Seed Potatoes** in quantity are invariably **net Cash**.

 Unknown correspondents desiring credit are requested to give satisfactory reference in Philadelphia or New York.

**Terms for Cash.**—We allow a discount of **One Per Cent. a month** on all bills (at Catalogue prices) paid before June 1st.

**Shipping Instructions** should be sent with each order, and will be followed carefully. Otherwise we shall use our best judgment as to route.

**The Prices Quoted** are those ruling at this date. We expect to adhere to them through the spring, except in cases where important changes in the market show that we can reduce our prices, when we shall be governed by the market. **10 lbs. and over will be supplied at the rates per 100 lbs.;**  $\frac{1}{2}$  lb and  $\frac{1}{4}$  bushel at the pound and bushel rates; but *smaller quantities will be subject to a higher charge.*

**Seeds by Mail.**—When desired, small packages will be forwarded by mail at 8 cts. per pound, 10 cts. per quart on corn, 15 cts. per quart on beans and peas, extra.

**NO CHARGE for Packing or Cartage.**—Bags and boxes are *Charged at Cost*. After delivering to forwarders in **good order** (as shown by Bill of Lading) our responsibility ceases. **Insurance** effected only when so directed.

**WE DO NOT COMMISSION SEEDS.**—In response to hundreds of inquiries each year, we would state that we **positively decline to send out any Seeds on Commission**. Dealers handling seeds in packets will be supplied on liberal terms, and by ordering judiciously, those left over can be destroyed, and the business yet be more profitable and satisfactory than the handling of commission seeds.

## Discounts TO THE TRADE From our Retail Prices.

In our retail Catalogue—**BURPEE'S FARM ANNUAL FOR 1901**—are many varieties of seed for which frequently other Seedsmen receive retail orders. We supply

**All Seeds in Packets at 50 Per Cent. Discount.**

**500 Packets or more at 60 Per Cent. Discount.**

Small quantities from our retail Catalogue, which cannot be invoiced at the low pound or bushel prices quoted herein, are charged at the following rates of discount from retail prices:

Seeds by the Ounce, . . . . .	40	per cent. discount.
Seeds by the Quart or Pint, . . . . .	33 $\frac{1}{3}$	" "
Seeds in Collections, . . . . .	40	" "
Potatoes by the Pound, . . . . .	40	" "
Bulbs in Collections, . . . . .	20	" "
Roses and other Plants, . . . . .	20	" "
BOOKS on Garden Topics, . . . . .	40	" "

At the above liberal rates of discount the goods travel at expense of purchaser, and on seeds, etc., sent by mail, the cost of postage will be added to the invoice.

**Cable Address, BURPEE, Philadelphia.**

THE NEW BURPEE BUILDING,

Philadelphia, January 24, 1901.

## To Dealers in Seeds.

It is with more than usual pleasure that we send "OUR SILENT SALESMAN" to solicit your orders for the first year of the new century. We have already mailed you a copy of the "Quarter-Century" edition of BURPEE'S FARM ANNUAL FOR 1901, to which we should ask your attention, as it gives some idea both of the growth of our business and of our constant endeavor to supply

## Only the Best "Seeds that Grow."

It is most gratifying to us that the course we adopted several years ago—of withdrawing all travelers from the road, and becoming at wholesale as well as at retail "EXCLUSIVELY A CATALOGUE HOUSE,"—has been appreciated by so many of the more intelligent dealers in seeds.

Commercial travelers are a necessity in many lines, but, unfortunately, in seed-selling they are frequently found to be untrustworthy. There can be no misrepresentations in our catalogues, as they are prepared carefully from our own personal knowledge, while the prices are fixed uniformly upon a moderate basis for **strictly high-grade seeds**. It is foolish for any one house to seek all classes of trade, and we have no desire to be known as cheap "jobbers in seeds." And yet we are determined that *we will not be undersold* by any other first-class house having equal regard for quality. Therefore, we announce again, as in previous editions of our catalogue, that on certain varieties, in large lots, we are prepared to quote **SPECIAL PRICES by letter or telegram**.

We are pleased at all times to answer inquiries by mail, while our **complete telegraph cipher** will be found useful in cases of immediate need. We aim to treat all wholesale customers in such a manner as to *retain* the confidence which has been bestowed upon us now for a quarter of a century. We have *only one grade of seeds*, and supply at wholesale identically the same quality that has resulted in giving us, at retail, the largest mail-trade in the world, direct with private planters and the most critical market gardeners.

It is with special satisfaction that we have noted, of late years, a great increase in our trade with fellow seedsmen, who now apply to us so frequently for "shorts" throughout the season. We shall ever aim to deserve this confidence.

With hearty thanks for your patronage in the past, and again soliciting your orders, we remain,

Yours truly,

CITY WAREHOUSE:

475 and 477 North Fifth St.,  
476 and 478 York Avenue.

PHILADELPHIA, PA.

SEED GARDENS and Trial Grounds at FORDHOOK FARMS, Doylestown, Penna.

# Telegraphic Cipher (or Cable Code)

## FOR WEIGHTS AND MEASURES.

The telegraphic cipher word for quantities must always precede the cipher words for seed, but if the same quantity of several varieties is ordered, the cipher word meaning that quantity need be placed only before the first. For example :

**Arad Navy Purity, Arnhem Royalty Apple, Malmo Balcony**, would mean, ship at once, cheapest route, ten pounds each NAVY BLUE and SADIE BURPEE SWEET PEAS, five hundred packets each BURPEE'S ROYALTY and APPLE BLOSSOM CUPID SWEET PEAS, and ten bushels BURPEE'S STRINGLESS GREEN-POD BEANS.

Our customers will find this a very inexpensive way of wiring their orders, but we must caution them that care be taken in writing out the messages, as we cannot hold ourselves responsible for errors arising from incomplete messages or incorrect translation.

**IMPORTANT.**—This telegraphic cipher must be used **ONLY** on orders by telegraph or cable, and never in written orders sent by mail.

Our Cable Address is BURPEE, Philadelphia.

# BURPEE, Philadelphia,

## Is Our Registered Cable Address.

All foreign customers are requested to advise us of their **shortest cable address**. Customers in America who wish to telegraph will also, occasionally, find it useful to use the following additional code.  Please note the **code-words** below that would be used in our **reply**, either by cable or telegram.

### FOR OFFERS AND INQUIRIES.

CODE-WORD.	TRANSLATION.
<i>Daubling</i> .....	Telegraph your lowest prices for .....
<i>Dean</i> .....	Mail your lowest prices for .....
<i>Decoy</i> .....	Mail your lowest prices for ....., and send samples.
<i>Defend</i> .....	Telegraph when goods can be shipped.
<i>Defender</i> .....	Advise immediately by mail how soon goods will be shipped.
<i>Deform</i> .....	Can you offer for acceptance by mail .....
<i>Deject</i> .....	Can you offer any .....? If so, telegraph prices.
<i>Delude</i> .....	Can you offer any .....? If so, mail prices.
<i>Derange</i> .....	Telegraph quantities you can offer of following with prices.
<i>Descend</i> .....	State by letter quantities you can offer of following with prices.

### Code-words that will be used in OUR ANSWERS.

<i>Dab</i> .....	{ In reply to your telegram, we quote for immediate acceptance upon our usual terms for special quotations the varieties named below, provided they are unsold upon receipt of your order.
<i>Dacite</i> .....	We accept your order for .....
<i>Dagger</i> .....	We accept your order for ....., and shall ship at once.
<i>Dainty</i> .....	We accept your order for ....., and shall ship as directed.
<i>Damsel</i> .....	We offer you for immediate acceptance, subject to being unsold.
<i>Dance</i> .....	We accept your offer and shall ship as directed.
<i>Dapper</i> .....	Cannot accept your order for .....
<i>Dapple</i> .....	{ Part of your order went forward by freight on ..... expect to ship balance .....
<i>Darby</i> .....	{ Part of your order went forward by express on ..... expect to ship balance .....
<i>Dardanus</i> .....	Please repeat your message, it is not clear.

### Code for positive ORDERS.

<i>Dargie</i> .....	Send immediately by <i>express</i> following seeds at catalogue prices.
<i>Darken</i> .....	Send immediately by <i>freight</i> following seeds at catalogue prices.
<i>Darnel</i> .....	Send immediately by <i>mail</i> following seeds at catalogue prices.
<i>Dare</i> .....	Send immediately the following by <i>freight</i> , per special quotations.
<i>Dared</i> .....	Send immediately by <i>express</i> the following, per special quotations.
<i>Darling</i> .....	Send immediately by <i>mail</i> the following, per special quotations.
<i>Dasher</i> .....	{ Send at once following ..... ; let the other seeds follow as quickly as possible.
<i>Dashing</i> .....	{ Have you shipped our order? If not, increase if possible our order for ..... to ..... pounds (bushels).
<i>Datary</i> .....	{ Send ..... immediately by express. Let balance of order follow by freight.
<i>Dation</i> .....	Duplicate our last order.

**Foreign Orders** are invoiced at the **lowest prices** prevailing upon **date of shipment**. In no case (except on Potatoes and farm seeds, subject to fluctuations) will prices be charged higher than quoted herein, while in **case of decline** in any lines our foreign customers (who, of course, cannot be kept so well posted in the value of American seeds) will receive full advantage of any **lower prices** that we may be quoting. Our export trade is increasing every year, and dealers, even in the most distant countries, who intrust their orders to us, can rely upon the same close attention and equally the **most favorable prices** that we are making at the same time, for the same quality and quantity, to American seedsmen.

# Best Seeds that Grow for 1901,

Tested and Proved at our Fordhook Farms.

THIS PACKAGE (IF UNBROKEN) CONTAINS ONE OUNCE OF

Here follows the same "electrotyped" label as printed on our packet bags, — giving in full the name of the variety, and in case of the more important Vegetables and Flowers, also an illustration, description, and directions for culture. Every package bears our full firm name, while the more than one hundred varieties of Vegetables which have been introduced by us are marked also with our registered trade-mark monogram.

Every ounce-package is **dated** as above.

Packets, although not dated (because the electrotypes generally require the entire front of the bag), are all filled with the same choice quality of the **Best Seeds that Grow for 1901.**

**W. ATLEE BURPEE & CO., Seed Growers.**

Seeds of the best quality cost very much more to produce than do seeds of the ordinary commercial grade. And yet many merchants, having little or no knowledge of the value of **High-class Seeds**, purchase their supplies wherever they can be obtained the cheapest. It was brought to our notice that some merchants would buy a bill of seeds from us, obtain copies of our catalogues and show-cards, and then purchase a portion of their supplies from other seedsmen, who, growing "*cheap seeds*," could sell at much lower prices. In many cases planters who purchased from their local merchants, thinking that they were obtaining **BURPEE'S SEEDS**, got only a few of our seeds (perhaps in packets), and often the seeds bought by weight or measure were of inferior quality, falsely sold on our reputation, but for which we were not in any way responsible.

This deception was brought so prominently to our attention three years ago that we debated seriously whether we should not decline altogether to sell **BURPEE'S SEEDS** at wholesale. Further consideration, however, showed us that this would hardly be fair to the honorable merchants who had been handling our seeds exclusively for years. Therefore we announced that—

Hereafter we will sell Burpee's  
**Seeds ONLY in sealed packages.**

Packets and ounces, in the *Spangler Water-tight Bags*, are sealed, and bear, plainly printed, either **our Name or Registered Trade-mark Monogram**, protected by United States Letters Patent. Quarter-pounds, pounds, pints, and quarts, in paper bags or cartons, have pasted across the top a **green label**, worded as follows:

**BURPEE'S SEEDS THAT GROW**  
For 1901.

**Genuine Only if this Seal is Unbroken.**

**SEEDS IN BULK**,—that is, Peas, Beans, etc., by the peck or bushel, and quantities of small seeds in bags, will have **each sack sealed with our Trade Mark on a leaden seal.**

This plan will be a protection to honest merchants from competition with other seeds falsely claimed to be **BURPEE'S SEEDS**, and at the same time will be a guaranty to the purchaser.

**LARGE DEALERS WHO SELL ON THEIR OWN REPUTATION  
CAN BUY SEEDS IN BULK FROM US, AS HERETOFORE.**

While every sack is sealed, the contents can be handled as desired,—except that they must not be sold as **BURPEE'S SEEDS**, unless in original packages.

# Burpee's Vegetable Seeds.

TEN POUNDS OR MORE WILL BE CHARGED AT 100-POUND RATES.

☞ This list cancels all previous quotations. ☞

☞ **A Telegraphic Cipher (or Cable Code)** is attached to each variety, by which orders can be wired at little expense,—using also our code for weights and measures as given on pages 2 and 3. For example:

**Darken Pelew Balcony** would mean: Send immediately, by fast freight, forty bushels of BURPEE'S STRINGLESS GREEN-POD BEANS at catalogue price.

**Dargie Arad Cage** would mean: Send immediately, by express, ten pounds of best select JERSEY WAKEFIELD CABBAGE at catalogue price.

**Darnel Amoy Olden** would mean: Send immediately, by mail, three pounds Connecticut-grown seed of SOUTHPORT WHITE GLOBE ONION.

Telegrams should be addressed,

**W. ATLEE BURPEE & CO., Philadelphia.**

**Our CABLE ADDRESS is: BURPEE, Philadelphia.**

**BURPEE'S "STRINGLESS" GREEN-POD BUSH BEAN**

is now acknowledged by all American seedsmen to be the earliest and best of all green-pod dwarf beans. Its popularity with *canners* and *market gardeners*, as well as private planters, is already so well established that last spring there was not *one-tenth enough of the true seed* to supply the demand. This year we hope to have sufficient for **all early orders**.

It is almost equally popular in England, where, unfortunately (as is so often the case with American novelties), it has been widely advertised under two other names.

**Burpee's BEST-EARLY Cauliflower.** Named and introduced by us in 1887, this grand variety has proved to be, as claimed, the **BEST-EARLY Cauliflower** in cultivation. It has attained its present perfection after years' intelligent selection, and is remarkable both for its *extra earliness* and *certainty to head*. In these two important features no other cauliflower can equal it. We should also recommend the new Burpee's "Dry-Weather."

Paris White Cos (Romaine), w. s. ....	<i>Loyal</i> .....	55	50 00

**About LETTUCE Seed.** Practically all the lettuce seed sold in America is raised in California, but, unfortunately, the demand for "cheap" seed has compelled the majority of growers to produce seed from plants grown so closely together that they have no opportunity to form well-developed heads; nor can these crops be properly "rogued." Such seed is not to be compared with BURPEE'S!

## MARTYNIA.

Martynia Proboseidea.....*Madly*..... 2 00

Two Specimens of BURPEE'S NETTED GEMS. Engraved from a Photograph.

**The Famous "Rocky Ford" Melon is the "Netted Gem" introduced exclusively by us in 1881.**

For impartial testimony of this fact (so well known to all seedsmen willing to admit the actual truth), we would refer merchants to testimony quoted in BURPEE'S FARM ANNUAL FOR 1901. Our strain is **extra fine**. We are quite sure it is altogether unsurpassed,—the very **best seed** in the market to-day of the now famous "Rocky Ford" Melon. If you are offered a lower price, do not be tempted to handle inferior seed of this famous melon, but write to us, stating quantity required, for **special quotations on large lots**. We tested **every strain** again the past season in our extensive South Jersey Trial Grounds, and know positively that "**ours is the best.**"

BURPEE'S CHAMPION MARKET MELON.

## MELON—WATER,—Early Varieties.

FORDHOOK EARLY (Burpee).....	<i>Mimic</i> .....	55	50 00
------------------------------	--------------------	----	-------

**Fordhook Early** is without any exception (and *we know* all the extra early strains advertised) the **ONLY first-class extra early large watermelon**. Our selected strain is absolutely **unequaled**, and so immensely popular has it become that it was impossible to supply the demand last season. You can buy so-called "**Fordhook Early**" at half our price, **BUT** on our extra selected strain we cannot afford to quote but a slightly lower price, even when more than one hundred pounds is ordered.

Gigantic Gibraltar (Burpee).....	<i>Oxen</i> .....	1 70	165 00

We make a Specialty of ONION SEED, and have the largest stock of New Crop Seed in the East.

☞ If you are led by low prices to purchase Onion Seed from unknown or doubtful sources, you should test the vitality before selling same to your customers. Compare such tests with the percentage of growth of New Seed purchased direct from us or from other growers whom you know to be trustworthy, and such germination tests alone will show that the lowest priced Onion Seed is NOT always the cheapest. We will not be undersold on first-class High-grade Seed.

**All "Hand-Picked."** Again this year, as usual, we shall probably be undersold by other dealers in Peas. Aside from difference in quality of strains and care in roguing crops, it is a fact that most of these lower-priced peas are only milled, while we handle none but the best "hand-picked" seed. Compare samples!

#### About Squashes.

Besides FORDHOOK FARMS we conduct extensive trial grounds in the light sandy soil of Southern New Jersey. Here are made annually the most extensive trials of all vine seeds.

Some years ago we found that even the best strains of squashes could be further improved. To-day, while not yet thoroughly satisfied that we have come sufficiently near to "perfection," we are confident that no strains of squashes are more carefully selected than those sold by us. Our strains of the *three Hubbards*, *Fordhook*, and the *Patty Pan Squashes* are particularly fine.

### We Devote Special Attention to Growing TOMATOES.

By the most careful continued selection we are enabled to offer strains which produce uniformly smooth fruits, of the most solidly fleshy character and fine quality. These strains have been developed, however, at the expense of the *quantity* of seed produced, and the price of this high-grade seed is necessarily higher than that at which inferior strains can be sold.

MAMMOTH RUSSIAN SUNFLOWER.

# Complete List of all Known Tall SWEET PEAS.

By hundreds of thorough trials made every year at our famous FORDHOOK FARMS we know SWEET PEAS and the merits of all the many novelties as introduced. Keeping Purity and High Quality, rather than low prices, our first aim, we have become recognized as

## Headquarters for Sweet Peas in America.

Our Unequaled Collection now embraces one hundred and eighty-one varieties.

Each is pure and true to name,—vastly superior to the “Cheap Seed” so largely grown without the proper care in the constant selection that is absolutely necessary to maintain first-class stocks.

OUNCES of Sweet Peas are one-tenth pound prices, except that no variety will be supplied at less than four cents per ounce. Varieties priced at 35 cts. or less per pound are charged at ten cents per  $\frac{1}{4}$  pound. Varieties priced at 45 and 50 cts. per pound are charged at 15 cts. per  $\frac{1}{4}$  pound, while those priced at 70 cts. per pound are charged at 20 cts. per  $\frac{1}{4}$  pound.

We refer to our Retail Catalogue for full descriptions of NOVELTIES not specially described herein, and should suggest that with the present widespread interest in Sweet Peas it will pay seedsmen generally to offer more of the NEW SORTS, as the margin of profit is greater than on standard varieties.

	Telegraph Code or Cipher.	Per lb.
* <b>Admiration (Burpee's).</b> Delicate shade of rosy lavender, . . . .	<b>Admiration</b>	\$0 70

## DOUBLE SWEET PEAS.

From most carefully selected stock seed, saved only from the best plants bearing double flowers, we offer the following varieties:

Apple Blossom,	White,	Lottie Eckford,	Senator,
Butterfly,	Waverly,	Captain of the Blues,	Splendor.
Duke of Clarence,	Boreatton,	Bride of Niagara,	

Each of the above DOUBLE SWEET PEAS, 35 cts. per lb.

Eleven Mixed DOUBLE SWEET PEAS (Cable word—*Xerxes*), 30 cts. per lb.; \$27.50 per 100 lbs.

At the Bi-Centenary Sweet Pea Exhibition held in Crystal Palace, London, July, 1900, 418 EXHIBITS were made of Burpee's American Varieties.

Some of these entered into nearly every prize collection, while, of course, there were a number of special exhibits in competition for the "BURPEE PREMIUMS." Besides this great show, our introductions in Sweet Peas were exhibited 203 times at the leading Provincial Exhibitions in 1900—making *six hundred and twenty-one* times in which our distinctively American varieties were exhibited in Great Britain the past season.

A Single Plant of the BURPEE'S BUSH SWEET PEA.

## Burpee's Bush Sweet Peas.

This, like the Cupid, is a new race of entirely distinct growth, first introduced by us in 1899, differing from both the Tall and the Cupid types, though partaking somewhat of the character of each. It has proved very satisfactory in growth and freedom of flower, particularly in light warm soils. The plants are semi-erect, fifteen to eighteen inches high when in full flower, but branching freely so that the close bushes are frequently fifteen inches and more in diameter, composed of short erect branches with abundant light-green foliage. The tendrils at ends of the leaves clasp themselves closely to the adjoining branches, so that the whole plant is held quite erect though sufficiently open to admit of a freer circulation of air than in the low compact form of the Cupid type. The flowers are of nearly equally large size, fine form, and beautiful coloring as the Tall varieties, and are quite distinct from the Cupid type in being borne on long slender stems. As the stems of flowers can be cut with some of the neat attractive foliage, *they are most desirable for bunching in bouquets or used as floral decorations.* As the plants require no support, we think that BURPEE'S BUSH SWEET PEAS are sure to come rapidly into popular favor. In light well-drained soil seed may be sown rather thickly to produce a close row of dense hedge-like growth, suitable in bordering walks or growing in the garden to produce a supply of fine cut-flowers.

**BURPEE'S BUSH GRAY FRIAR.** The first variety of this most distinct type of growth in the Sweet Pea, which was introduced simply as BURPEE'S BUSH SWEET PEA. It is identical in coloring with our beautiful *Gray Friar*, although differing slightly in form of standard. The large flowers are borne in twos and threes on quite long stems. The standard is large, stiffly erect, and broadly spreading; wings wide and well spread, edges slightly rolled. The coloring in suffused shadings and watered veinings is of lavender-purple on a silvery-white ground. *Cable Word*,—"Bush." Wholesale, 80 cts. per lb.; 10 lbs. or more at 75 cts. per lb.

**BURPEE'S BUSH MONARCH.** Fine large flowers, generally three in a cluster at top of long stiff stems. They exactly reproduce in size and coloring those of the tall or running *Monarch*. The rich dark coloring of the flowers contrasts most admirably with the light-green foliage. Standard large and wide, rounded in form, well spread, and of a deep claret or wine-brown; wings heavily rolled, rich purple. The standard becomes hooded and changes to purplish violet as they remain open. *In sealed packages only.* Retail: 10 cts. per pkt.; 25 cts. per  $\frac{1}{2}$  oz.; 40 cts. per oz. Wholesale, these packets are sold at Fifty Per Cent. Discount. In orders of one thousand packages or more of any sizes, at Sixty Per Cent. Discount.

## Burpee's Dwarf CUPID SWEET PEAS.

NEW DWARF SWEET PEA,—“CUPID.” FLOWERS WHITE.

*The above engraving, reduced in size, is an exact reproduction of an illustration in THE GARDENER'S CHRONICLE, London, June 29, 1895, of one of the pot-plants exhibited at the Royal Horticultural Society, June 25, 1895, where by unanimous vote we received an Award of Merit for CUPID,—the highest indorsement possible.*

black-seeded varieties are fully as hardy and vigorous as those of the tall-growing sorts, with similar seed, and can be planted successfully quite early in spring when the trees are starting out in leaf. The white-seeded White and Primrose Cupids, however, are encased in a thinner or more delicate skin, which will give best results if planted when the weather has become warm enough to plant corn, and can be most successfully germinated by the new method described in our new leaflet, “HOW TO GROW SWEET PEAS.”

**ALICE ECKFORD CUPID.** Flowers borne in close clusters of three at the summit of a short stiff stem, displaying most attractively the charming blended coloring above the rich dark-green foliage. Standard is very broad, silvery white with faint stripe of silvery rose in center fold, with suffused shadings of very soft rosy pink at the base. Wings quite broad, widely spread, and of a clear silvery white. 40 cts. per lb.; 10 lbs. at 35 cts. per lb.

**BURPEE'S BEAUTY CUPID.** The handsome large flowers are borne most profusely in clusters of three. The standard is of unusual breadth, with slightly pointed and heavily rolled edges, giving a deeply hooded effect; wings quite broad and well expanded, but held erect and nearly parallel with the standard. Standard delicate but rich rose-pink, shading to nearly white at the edges and slightly striped with carmine at the base. Wings suffused rosy carmine, deepening at the edges. 45 cts. per lb.; 10 lbs. at 40 cts. per lb.

**BOREATTON CUPID.** Flowers of good size, fine bold form, and rich dark coloring. Standard quite broad, well spread, and of smoothly rounded form; edges slightly reflexed or curving outwardly at the sides; self-colored in a rich wine-brown, with a satin-like finish. Wings are heavily rolled, deep mauve in shading, underlaid and suffused with rosy purple. Wholesale, 90 cts. per lb.; 10 lbs. at 85 cts. per lb.

**COUNTESS OF RADNOR CUPID.** The *Countess of Radnor* and its improvement, *Burpee's New Countess*, are the most popular tintings of delicate lavender, a shade most highly esteemed for bouquets and floral decorations. In this new Cupid we have the same charming tint exactly reproduced with the true compact-spreading Cupid growth. Flowers are of immense size, even larger than those of the tall Countess, and are borne in the greatest profusion, coming three and four to a single stem; standard very large, broadly expanded, and of the most distinct lavender, suffused in the center with soft rose. Wings unusually broad, widely spread, and not recurved, of a clear light lavender shade throughout. 90 cts. per lb.; 10 lbs. at 85 cts. per lb.

**FIREFLY CUPID.** Flowers of good size and intense glowing color. Standard quite large and erect, of a rich glowing scarlet. Wings large and of a deep pink-rose. The large flowers, borne in close clusters of three, have dazzling scarlet effect of *Firefly* and seem even more intense in glowing color. 90 cts. per lb.; 10 lbs. at 85 cts. per lb.

**BURPEE'S PINK CUPID.** This grand variety is probably the most popular of the Cupid race, as are the bright pink-and-white flowers of the *Blanche Ferry* type, in the tall or running varieties, of which it is a distinct sport. It is of exceptionally strong, vigorous growth even for the Cupid type, which are distinguished for the close mat of luxuriant foliage and of greatest freedom of flower. The editor of *The Florists' Exchange* counted 121 stalks of open flowers on a single plant in our crop (in Jefferson County, New York), averaging three flowers to a stalk. The standard is wide, flatly spread, and frequently measures an inch and a half across; it is of a clear bright rose-pink, in striking contrast to the creamy-white wings. Like the tall pink-and-white sorts, the wings of PINK CUPID are sometimes lightly suffused with faint rose, but so slightly that they seem pure white in contrast to the bright glowing pink of the standard. 40 cts. per lb.; 10 lbs. at 35 cts. per lb.

**PRIMROSE CUPID.** The flowers are self-colored in a rich creamy or primrose tint, identical with those of the tall *Primrose*. Standard is stiffly erect and very broad; wings expanded, very showy in contrast to the deep-green foliage. It is white-seeded and should not be planted until soil becomes slightly warm. 40 cts. per lb.; 10 lbs. at 35 cts. per lb.

**WHITE CUPID.** The first of this new “Cupid” dwarf race. It grows only six inches high and is of close-spreading habit, with rich deep-green foliage. Flowers are borne in greatest profusion; of the clearest snowy whiteness throughout. Succeeds best in a warm light soil, and of greatest value to plant in contrast to the rich coloring of the other Cupids.

Wholesale, 35 cts. per lb.; 10 lbs. or more at 30 cts. per lb.

## New Dwarf CUPID Sweet Pea,—Burpee's "ROYALTY."

This beautiful new Cupid resembles the tall *Royal Rose*, one of the very finest self-colored pinks, but the very broad standard makes an even *larger flower*, while the coloring is considerably *deeper and richer in tone*,—hence the new name "ROYALTY."

The coloring is a soft rich crimson-rose, shaded especially in the wings with a light carmine-pink on silvery white. The flowers are of extra large size, well hooded, and of true grandiflora type. The standard is broad but with edges rolled, giving a sharply pointed effect; wings broad and well spread, with edges also heavily rolled. The flowers come generally *four on a stem* and closely set together at the top. They are *most desirable for boutonnieres and for designs of cut-flowers*, as this shade of pink is highly esteemed.

A Stem of  
the new  
BURPEE'S  
"ROYALTY"  
CUPID.  
Engraved from a  
Photograph.

## New CUPID Sweet Pea,—CAPTAIN OF THE BLUES

An entirely distinct and charming blending of colors in the Cupid type. The flowers, borne in close clusters of three at the top of a very stiff stout stem, are *larger and finer* than the tall *Captain of the Blues*. The stand-

ard is very large and broad, stiffly erect with edges heavily rolled, producing a sharply pointed effect. In color the standard is of a red-dish-purple tint heavily suffused

with violet in the center portion; wings very large, only partly spread and of a rich violet-purple,—*approaching deep blue* and slightly tinged with rose-pink at the outer edges. As seen in contrast to the rich dark-green foliage, the mass of flowers has quite an effect of rich *deep blue*.

## Burpee's Dwarf CUPID Sweet Pea, "APPLE BLOSSOM."

To our mind the tall *Apple Blossom Sweet Pea*, though one of the earliest large-flowered productions, has the most charming combination of pink-and-white shadings of all the tall sweet peas. It is with great pleasure, therefore, that we now announce a **true Cupid** variety having this exquisite coloring. The flowers are of *grand large size*, beautifully hooded and *borne four on a stem*. The standard is very large and broad, slightly pointed with edges well rolled, deeply suffused and veined with deep rose on a silvery ground, shading deeper in the center; wings are quite broad and lie closely about the semi-erect keel; they are heavily shaded in the center with soft rose.

## Burpee's Dwarf CUPID Sweet Pea,—"STELLA MORSE."

This grand new Cupid is identical in rich coloring with the tall *Stella Morse* as introduced by us in 1898, and which is still the most distinctly colored of all the so-called "yellow" Sweet Peas. The standard is shorter and broader, making the spreading wings equally prominent. The upper edges of the standard are heavily rolled, giving a sharply pointed effect, while the keel is stiffly erect, holding the broad wings closely to the standard. The ground color is a rich creamy buff, tinted with apricot, while the inner portion of the wings is delicately shaded with soft rosy carmine.

Each of the above is sold only in our original sealed packets.

Regular packets, each containing about forty seeds:

Wholesale, \$12.50 per 100 packets; \$100 per 1000 packets.

Five hundred packets supplied at thousand rates.

Half-size packets, each containing about twenty seeds:

Wholesale, \$7.50 per 100 packets; \$60.00 per 1000 packets.

Five hundred packets supplied at thousand rates.

# FLOWER SEEDS.

ONE-QUARTER pound furnished at pound rates, and one-quarter ounce at ounce rates, where not less than sixty cents per ounce. Of the cheaper flower seeds, not less than one-half ounce will be supplied at ounce rates. *Not less than one ounce will be supplied of varieties priced at 15 cts. or less per ounce.*

These flower seeds are all of the finest strains of the best varieties, and are sure to give satisfaction. While many are grown by ourselves at FORDHOOK FARMS, or by our private growers in America, all are thoroughly tested both for vitality and purity. Those that are imported are obtained only from the best growers in Europe, whose gardens we have repeatedly inspected. The whole makes a collection unexcelled in uniform excellence of quality and vastly superior to the commercial grades commonly sold. It is generally admitted that we grow a larger area of Flower Seeds, and test all varieties more thoroughly on our own grounds, than do any other American seedsmen.

## WORKERS AMONGST THE FLOWERS.

MR. W. ATLEE BURPEE,

The Introducer of many Beautiful Sweet Peas.

"This distinguished and successful American horticulturist of Philadelphia, Pa., has been before the flower-loving public of England and America for some years past as a raiser and introducer of American-produced Sweet Peas, and he may be regarded as the Eckford of the United States. Mr. W. Atlee Burpee is, it is believed, a Canadian by birth, as it would appear he was born at Sheffield, N. B. It is as the introducer of Sweet Peas that we are most concerned with Mr. Burpee. It was by him the Cupid types were first put into commerce, and English growers are indebted to him for most if not all the best of the American varieties, such as *Admiration*, *Aurora*, *Brilliant*, *Burpee's Earliest of All*, *New Countess*, *Creole*, *Daybreak*, *Dolly Varden*, *Fashion*, *Gorgeous*, *Gray Friar*, *Juanita*, *Lottie Hutchins*, *Maid of Honor*, *Modesty*, *Navy Blue*, *Oddity*, *Oriental*, *Pink Friar*, *Sensation*, *Snapdragon*, *Stella Morse*, *Wawona*, and probably others. The firm of Messrs. W. Atlee Burpee & Co. offered special prizes at the exhibition of Sweet Peas in connection with the bi-centenary celebration of its introduction to Britain on the 20th and 21st inst., at the Crystal Palace, for distinctly American varieties introduced by them."—*From THE GARDEN, London, England, July 28, 1900.*

"On commencing an inspection of the collection at Reading, the varieties of the type known as *CUPID* first engaged attention. There are now several, all of singularly dwarf tufted growth, and commencing with the white they graded in ascending shades of color until the darkest was reached. These flattened plants make charming edgings, and Mr. George Stanton, who is an enthusiast in Sweet Peas, uses them largely at Park Place, Henley-on-Thames. *Alice Eckford* and *Burpee's Beauty* are very much alike; *Firefly*, deep scarlet, is an excellent variety; *Countess of Radnor* and *Boreatton* are also very pretty. There is one peculiarity about these Cupids, namely, that in cold dull weather the buds drop from their pedicels before they expand, and they could be seen lying upon the carpet of foliage just as if they had been snipped off with a pair of scissors; but when the sun shines out brightly and the atmosphere is warm the tendency for the buds to drop is stayed. It is perhaps attributable to the coldness of the air near the ground.

"BURPEE'S BUSH SWEET PEA is an intermediate form between the Tall and the Cupid. At Reading, probably through being grown in an ordinary row, the plants could not show their individual character; but when planted out singly several shoots are thrown out from the root stock, and a low bush-like character is assumed by the plant. The blossoms are of a grayish color, resembling those of *Gray Friar*."—*From THE GARDEN, London, July 14, 1900.*

# SWEET PEA,—BURPEE'S "EARLIEST OF ALL."

Notwithstanding their dwarf habit and neat slender foliage, the plants are of vigorous growth and come into bloom **always ten days to two weeks in advance of the Extra Early Blanche Ferry**, which has been heretofore a week ahead of all other varieties. The flowers are as large as those of the regular strains of *Blanche Ferry*, and have long stout stems, making them entirely satisfactory for cutting; they are borne in close clusters of three, all facing one way. The standards are a bright, rich pink, while the wings are nearly pure white.

BURPEE'S "EARLIEST OF ALL" is not only the earliest to bloom in open ground, but is also *the most desirable for forcing under glass for winter cut-flowers*. The dwarf habit of this variety renders it much more easily grown on the benches, admits of closer planting, and from seed sown during the latter part of August blooms may be cut during the holidays, while with the taller varieties no blooms could be had before February or March.

## Six Comparative Reports.

VENTURA, CAL., Feb. 8, 1900.

W. ATLEE BURPEE & Co., Philadelphia, Pa.

Gentlemen:—Replying to yours of January 29th, requesting me to note differences I have found between the "*Extra Early Blanche Ferry*" Sweet Pea and "BURPEE'S EARLIEST OF ALL," will say that I have grown the two in comparison in the years 1896, 1897, and 1899, procuring the first-mentioned pea from D. M. Ferry's packets so marked, and have in these years found the "**EARLIEST OF ALL**" TRUE TO NAME, coming in **general bloom fully ten days before** the other mentioned pea showed scattering flowers. This pleasing peculiarity of such general early blooming, together with its uniform dwarfish habit, has made my fields of this pea conspicuous to many visitors. I append a record from my diary as follows:

1896.....	planted March 6.	Full Bloom May 19th.
1897.....	" January 26.	" April 14th.
1899.....	" February 1.	" " 9th.

There can be no question, I think, of the appropriateness of the name of your pea when properly grown, nor of its described habit.

Yours truly,  
THOMAS GOULD.

GILROY, CAL., Feb. 12, 1900.

W. ATLEE BURPEE & Co., Philadelphia, Pa.

Gentlemen:—My attention has been called to the claim that "BURPEE'S EARLIEST OF ALL" Sweet Pea is the same as the *Extra Early Blanche Ferry*. This is far from my two years' experience of these two varieties.

In 1898, when "EARLIEST OF ALL" was introduced, it was by far the earliest blooming Sweet Pea we had: it came into bloom **two weeks earlier than Extra Early Blanche Ferry**. In 1899 my experience of 1898 in regard to early blooming was again verified. Last summer I sowed seed harvested from plants which were sown in spring. The "*Earliest of All*" came into bloom in fall, while *Extra Early Blanche Ferry* did not bloom at all. The "*Earliest of All*" were the only Sweet Pea flowers we had last fall.

Besides this difference in time of flowering, the "EARLIEST OF ALL" is dwarfer in growth, and foliage is more refined and graceful. There is no foundation to the claim that these two varieties are the same.

Yours respectfully,  
WALDO ROHNERT.

COPYRIGHTED 1898 BY W. A. B. & CO.

The illustration above was engraved exactly natural size from photograph taken at Fordhook.

**Wholesale, 45 cts. per lb.; 10 lbs. at 40 cts. per lb.**

We have experienced great satisfaction in forcing "BURPEE'S EARLIEST OF ALL SWEET PEAS." The bed is a mass of color and this is a house where other varieties failed to bloom at all.

BOLLET & HORNADAY,  
Ponca City, Oklahoma.

WASHINGTON, D. C., Feb. 5, 1900.

W. ATLEE BURPEE & Co., Philadelphia, Pa.

Gentlemen:—We are more than pleased to testify to "BURPEE'S EARLIEST OF ALL" Sweet Peas. The variety blooms under glass fully ten days earlier than any *Early Blanche Ferry* we have ever used, and those we have used were direct from the Western originators.

Very truly yours,  
AMERICAN ROSE CO.

MOORESTOWN, N. J., Feb. 3, 1900.

W. ATLEE BURPEE & Co., Philadelphia, Pa.

Dear Sirs:—As to the BURPEE'S EARLIEST OF ALL I can say: Your claims for it are fully borne out by my experience. It is dwarfer, bears earlier, and is truer to type than the *Extra Early Blanche Ferry*.

Yours very truly,  
EDWARD HARRIS.

MISS ELLA INSLEY, Nanuet, N. Y., Feb. 14, 1900, writes:—I planted your EARLIEST OF ALL SWEET PEAS in my greenhouses about the middle of August last, under different conditions. They began to flower about November 25th, and have continued to bloom steadily ever since. I planted a few *Extra Early Blanche Ferry* about a week later under conditions not quite so favorable, and they have not bloomed, but are just beginning to show buds.

The "EARLIEST OF ALL" produces the flowers with long stems; the color of the flower is brighter and deeper than in the *Blanche Ferry*, while the flowers are more lasting. When they fade they do not have a purple cast, but a soft pink.

IN OUR REGULAR STANDARD PACKETS

# BURPEE'S NEW CABINET

OF

## VEGETABLE SEEDS.

This is a handsome cabinet, beautifully finished in hardwood, that will be an ornament to any store. It stands 40 inches high and is 30 inches broad, divided into 48 compartments. The front of each packet of seed is shown, while the packets are held in place by a neat metal bar across each compartment. Cost of cabinet alone is **\$3.00**, but we will supply the **cabinet complete**, filled with **1000 packets** of seed as enumerated below, for **\$20.00**.

The sale of these (at 5 cts. per packet) will allow a clear **profit of \$30.00**, and give the cabinet **Free**.

Burpee's New Vegetable Seed Cabinet contains 1000 Packets, as per List given below.

- |  |  |
|--|--|
| 6 Asparagus,—Barr's Mammoth.                         | 12 Onion,—Yellow Dutch, or Large Yellow Strasburg. |

All Rights Reserved.

This illustration is photographed from the painting for the KEY, which is sent with every copy.

## A Beautiful Painting of Sweet Peas.

A Superb Work of Art,—Size 13 x 16½ inches, in 14 Colors.

By the famous French Artist, PAUL DE LONGPRÉ.

The great artist visited FORDHOOK during midsummer, when the large area of Sweet Peas gave rare beauty to our Farm. Amid these charming scenes, glowing with life and color, the famous painter of nature caught the most elusive charms of leaf and flower. This matchless specimen of the highest art has been reproduced in fourteen colors, making a picture that for chaste elegance it would be impossible to overpraise. So faithful has been the work of the lithographer that even a trained critic could scarcely detect the difference from the original, which **cost \$250.00**. It is indeed a rare transcript from nature,—a dream in colors.

In order that all may secure a copy of this dainty work of art we will sell it (to our customers) at **10 cents per copy**, mailed in a pasteboard tube; regular price, 20 cents.

We will supply these paintings at the rate of **6 cents each**;

100 or more at **\$5.00 per 100**,—shipped flat,

**WHOLESALE, To the Trade.**

# Burpee's New Box of Flower Seeds

THIS box of **CHOICE FLOWER SEEDS**, put up in a neat and attractive style, contains the same **fine quality of fresh seed** as supplied to our own critical retail trade. Dealers, having had frequent complaints from the flower seeds usually sold, will now find this a pleasing and profitable department of their business. The selection embraces the most popular and quick-selling varieties.

EACH BOX CONTAINS

## Five 5-Cent Packets each of

ALYSSUM,—Sweet.	NASTURTIUM,—Tom Thumb, New Varieties, Mixed.
ASTER,—Choice Mixed.	NASTURTIUM,—Fordhook Favorite Climbing, Mixed.
“      Finest Mixed Comet.	NASTURTIUM,—Hybrids of Madame Gunter.
BALSAM,—Burpee's Superb Camellia-Flowered, Mixed.	PANSY,—Fordhook Bedding, Mixed.
CALENDULA,—Double, Mixed.	“      Imperial German.
CALLIOPSIS,—Fine Mixed.	PETUNIA HYBRIDA,—Mixed.
CANDYTUFT,—Mixed.	PHLOX DRUMMONDII,—Large Flowering, Mixed.
CARNATION,—Marguerite, Mixed Colors.	“      “      Starred and Fringed.
CENTAUREA,—New Double, Mixed.	POPPY,—Fordhook Fairies, Fine Mixed.
CHRYSANTHEMUM,—Annual Varieties, Mixed.	PORTULACA,—Finest Single, Mixed.
COCKSCOMB,—Dwarf, Mixed.	SCABIOSA (Mourning Bride),—Dwarf Double, Mixed.
COSMOS,—Hybrida, Mixed.	STOCKS,—Dwarf German, Mixed.
CYPRESS VINE,—Mixed.	SWEET PEAS,—Eckford's New, Mixed.
DIANTHUS,—Japan and China Pinks, Mixed.	“      “      Burpee's American Seedlings.
GAILLARDIA,—New Double, Mixed.	“      “      Eckford's “Up-to-Date.”
LARKSPUR,—Double Rocket, Mixed.	“      “      Eight Cupids, Mixed.
MARIGOLD,—French Double, Dwarf, Mixed.	SUNFLOWER,—Many-Flowered, Double.
MARVEL-OF-PERU (Four o'Clock,—all Colors).	VERBENA HYBRIDA,—Extra Fine, Mixed.
MIGNONETTE,—Mixed.	ZINNIA ELEGANS,—Giant Mammoth, Mixed.
MORNING GLORY—Tall, Mixed.	
“      “      Imperial Japanese.	

In all, 200 Packets of Flower Seeds.

**40 Varieties**, five packets of each, making a total of 200 packets, which, if sold at 5 cts. per packet, amount to a **total retail value of \$10.00.**

**Wholesale Price to the Trade, \$4.00 for the Box complete.**

It can be sent by mail for 20 cts. additional.

**Additional Packets** of the above (or **any other** varieties on our **printed order-sheet**), to replenish stocks as they are sold, will be forwarded promptly by mail, in lots of five packets of a variety, at **2 cts. each**, with *no charge for postage*, to purchasers of this box. When 500 packets or more are ordered of any varieties of Flower Seeds, named on printed order-sheet, they will be forwarded at purchaser's cost of transportation, at the rate of **\$1 75 per 100 packets.**

We do not commission seeds, but offer such facilities and increased profits that dealers will find our plan more satisfactory to themselves and their customers.

**W. ATLEE BURPEE & CO., Philadelphia, Pa.**

**At a Cost of Only Twenty-five Cents**

**You Can "Prove by Test" that Burpee's Seeds are always the Best that Grow!**

This is "a big country" and, although our mail-order seed trade is the largest in the world, yet there are thousands of planters who do not know BURPEE'S SEEDS from actual experience. While not the highest priced, they are invariably the Best it is possible to produce. To convince thousands more of this fact we have prepared—

**Seven Popular "READY-MADE" Collections to sell at 25 cts. each, or five for \$1.00.**

Although we originated this plan more than twenty years ago, never before have we been able to give such great value for the money. Aside from the knowledge gained as to the decided superiority of BURPEE'S BEST Seeds that Grow for 1901, you get, in these collections for twenty-five cents, seeds that would cost ordinarily several times this amount.

## Seven Superb Sweet Peas for 25 Cts.

Our Grand Collection of Seven Superb New Sweet Peas for twenty-five cents is a special feature of each year. For 1901 it includes a full-size packet each of—

**ADMIRATION.** Our Novelty of 1900. Grand large flowers of the most delicate shade of rosy lavender.

**LADY NINA BALFOUR.** Eckford's beautiful new "mouse-colored"; large flowers, of finest form.

**MRS. DUGDALE.** A charming Eckford novelty of extraordinary size. Beautiful light carmine rose, nearly self-colored.

**OTHELLO.** Large expanded flowers of a deep maroon. The best very dark Sweet Pea.

**SADIE BURPEE.**—Black-Seeded. Eckford's new hardy giant-flowered white; large size and hooded. See illustration herewith.

**BURPEE'S NEW SUN-PROOF SALOPIAN.** Of large size and perfect form. This is undoubtedly the very best scarlet; does not burn.

**BURPEE'S BEST MIXED FOR 1901.** This is the finest mixture of new large-flowered Sweet Peas ever offered. See description in *The Farm Annual*.

**25 Cts. Buys all the above.** Each packet contains from sixty to ninety seeds of identically the same quality as secured for us the only first prize at the Paris Exposition. With each collection we enclose our NEW LEAFLET giving full directions for culture.

**Another Collection,—  
"Eight Elegant" New  
Sweet Peas for 25 Cts.**

This extra "QUARTER-CENTURY" Collection contains one full-size packet each of the *White-Seeded Blanche Burpee*,—*Duke of Westminster*,—*Hon. F. Bouverie*,—*Lady Mary Currie*,—*Burpee's New Countess*,—*Prince of Wales*,—*Prince Edward of York*,—and a large packet of the charming new *Fordhook Fancy-Flaked Sweet Peas*. Descriptions of all these Sweet Peas will be found in alphabetical order on pages 94 to 97 of *The Farm Annual*. With each collection we enclose our NEW LEAFLET on the culture of Sweet Peas,—so rightly styled *America's Favorite, Fragrant, and Fashionable Flower*.

We supply dealers these Collections at fifteen cents each, or \$13.50 per 100. Country storekeepers will find this an attractive and profitable way of handling seeds.

## Burpee's "New Century" GEM COLLECTION,—10 Pkts. for 25 Cts.

To beautify home surroundings it is not necessary to go to great expense. So small an amount as **Twenty-five Cents** will buy **ten varieties of beautiful hardy Annuals**, such as will grow and thrive everywhere. Our **GEM Collection for 1901** contains one packet each of: **Little Gem SWEET ALYSSUM**,—Burpee's special mixture of the finest new **Free-Flowering BEGONIAS**,—all colors of improved **Dwarf Marguerite CARNATIONS**,—the choicest mixture of **Fordhook Favorite DIANTHUS** or "**Pinks**",—all colors of flower and foliage in the **New Japanese MORNING GLORIES**,—the large-flowered, fragrant, pure white **NICOTIANA Sylvestris**,—the most charming profuse-blooming new "**Adonis**" **PETUNIA**,—the largest-flowered Fordhook strain of **PHLOX Drummondii**,—the showy dwarf-growing new **Double Japanese POPPIES**, and the mammoth-flowered **Fordhook Famous VERBENAS**.

☞ Purchased separately, at usual prices, these ten full packets are worth nearly one dollar.

**TWENTY-FIVE CENTS** buys the ten varieties as above. With each collection we include a copy of our New "**Vest-Pocket**" **Guide to Culture of all Flowers from Seed**.

## Seven Superb Artistic ASTERS for 25 Cts.

Besides a large packet of the mixed **FORDHOOK FAVORITES AMONG ASTERS** it contains one packet each of the **JEWEL** or **Ball Aster**,—the American **SEMPLER'S BRANCHING ASTERS** in finest mixture,—choicest mixed strains of large-flowered **VICTORIA** and **TRUFFAUT'S PÆONY-FLOWERED PERFECTION**,—the several colors of **NEW JAPANESE TASSEL ASTERS**, and our unequalled mixture of the new **GIANT COMET ASTERS**.

☞ Each in a separate packet, inclosed in an envelope. With each collection we send printed instructions, which will enable all to grow these favorite flowers to perfection.

## Seven Superior PANSIES for 25 Cts.

For years we have made a **Specialty of Pansies**.

This collection embraces a packet of our beautiful gigantic **New PRES. MCKINLEY**,—the silver companion, **PRES. CARNOT**,—the daintily beautiful **FAIRY QUEEN**,—the brilliant **VICTORIA RED**,—the free-flowering **IMPERIAL GERMAN**, the giant-flowered **BURPEE'S DEFIANCE**, mixed, and our special mixture of many types, called "**ROYAL PRIZE**."

These seven packets contain fully five hundred seeds of the choicest Pansies.

☞ With each collection we send our New Leaflet, "**How to Raise the Largest and Finest Pansies**."

## Seven Superb Vegetables, all of our own introduction, mailed for twenty-five cents.

Burpee's **Netted Gem** or "**Rocky Ford**" **Melon**, so famous as the best green-fleshed musk melon,—**Australian Brown Onion**, extremely early and keeps for an entire year,—**California Cream-Butter Lettuce**, very solid large heads of rich buttery flavor,—**Fordhook Pickling Cucumber**, best of the "everbearing" type,—**Dark Stinson Beet**, the true Philadelphia stock,—**Burpee's Earliest White Radish**, quickest on record, and the new, dwarf **Burpee's "Quarter-Century" Tomato**. Illustration printed upon each packet.

☞ Each of these seven is the best of its type. This collection will help to prove the value of **FORDHOOK INTRODUCTIONS**.

## Seven Showy NASTURTIIUMS, Seven Full-Size Packets of Seed,—Mailed for 25 Cts.

To get their full beauty, Nasturtiums should be planted freely. One full-size packet each of our beautiful new giant-flowered **BURPEE'S CAPRICE**,—the brilliant new **HYBRIDS OF MADAME GUNTER**,—the magnificent new **FORDHOOK FAVORITE MIXTURE** of Climbing Nasturtiums,—all varieties of **TOM THUMB MIXED**,—the special mixture of gorgeous **BURPEE'S NEW TOM THUMB**,—all colors of the distinct new **DWARF LILIPUT**, and the attractive, trailing, small-flowered "**TOM POUCE**" **NASTURTIIUMS**.

☞ With each collection we send our New Leaflet, "**How to Grow Both Tall and Dwarf Nasturtiums**."

**DWARF LILIPUT NASTURTIIUMS.**

We supply dealers these Collections at **fifteen cents each**, or **\$13.50 per 100**. Country storekeepers will find this an attractive and profitable way of handling seeds.

# Burpee's New "Quarter-Century" Dollar Box of Thirty-three Superb Sweet Peas

Including Three Ounces of Finest Mixtures as well as Full-Size Packets of the Forty Cupids and the Three New Bush Sweet Peas.

**For 1901** Our New Dollar Box contains one full-size packet each of—BURPEE'S "MAJESTIC" and the other TWO ADVANCE NOVELTIES mentioned below,—ADMIRATION,—AURORA,—BLANCHE BURPEE,—BURPEE'S "EARLIEST OF ALL,"—BURPEE'S NEW COUNTESS,—BURPEE'S NEW "SUNPROOF" SALOPIAN,—COUNTESS CADOGAN,—DUKE OF WESTMINSTER,—HON. F. BOUVERIE,—LADY MARY CURRIE,—LADY NINA BALFOUR,—LOTTIE HUTCHINS,—MAID OF HONOR,—MODESTY,—MRS. DUGDALE,—MRS. FITZGERALD,—NAVY BLUE,—ORIENTAL,—OTHELLO,—PRINCE EDWARD OF YORK,—PRINCE OF WALES, and SADIE BURPEE, in named Tall Sweet Peas. Also a full-size packet each of the three colors of BURPEE'S BUSH SWEET PEAS,—*Blanche Ferry*, *Gray Friar*, and *Monarch*.

"MAJESTIC" and two other advance novelties are included in our new Dollar Box for 1901.

An advance trial packet of BURPEE'S NEW GIANT CUPID and a large packet of the "FINEST FORTY" CUPIDS MIXED. Also a full ounce each of BURPEE'S BEST MIXED and the FORDHOOK FANCY-FLAKED SWEET PEAS; a full ounce also of our "QUARTER-CENTURY" SPECIAL TRIAL GROUNDS MIXED, including more than two hundred separate named varieties of Tall Sweet Peas.

**\$1.00 Buys All** the above, packed neatly in a box and mailed **postpaid**. It is a noteworthy fact that of these thirty-three,—selected as the best and most distinct of the large-flowered Sweet Peas in cultivation to-day,—twenty-two were first introduced by us.

**31 of the 33 Pkts.** contained in this new Dollar Box (exclusive of the two advance novelties) are worth exactly two dollars and sixty-five cents, and they would cost this amount if purchased separately even at our special low prices for 1901.

No more acceptable present could be made to a distant friend than to order us to mail one of these **Grand Boxes of Sweet Peas**, with your card enclosed. There is *no price* printed on the box, and it is fully entitled to rank as a *three-dollar present*, while even this amount does not nearly represent the satisfaction and pleasure it will give. In each box we shall include a copy of our Leaflet on "HOW TO GROW THE FINEST SWEET PEAS."

## Burpee's "MAJESTIC" Is a Grand New Sweet Pea!

The illustration herewith can give but a faint idea of the bold, grand appearance of a spray, or of the size of the magnificent flowers.

Borne almost uniformly three on a stem, and all facing one way, the flowers are of the largest size and most perfect form, slightly hooded. They are practically a self-color, much richer and deeper than *Her Majesty*, but softer in shade than *Salopian*. The standard is a deep rose-pink, of rich tone, while the wings are also deep rose, but even softer in tone. We have never introduced a more lovely Sweet Pea; it is a most charming novelty. Per pkt. 15 cts.; 2 pkts. for 25 cts.

## We have also TWO OTHER NOVELTIES

which we had fully expected to introduce, but just now (November 28, 1900), as we are completing our catalogue, find that we shall not have sufficient space to describe these fully. Therefore we have decided to include these "for advance trial" in our popular DOLLAR Box advertised above, and *not to sell separately*.

### Wholesale.

We supply these Dollar Boxes to Dealers at Sixty Cents each.

DR. WM. VAN FLEET,  
of New Jersey, originator of  
Burpee's "Quarter-Century" Tomato.

E. D. DARLINGTON,  
Superintendent of Trials at  
Fordhook Farms.

PROF. E. C. GREEN,  
of Ohio, originator of  
"Fordhook Fancy" Tomato.

These three leading "Experts" have just written for us three Essays upon up-to-date culture of TOMATOES.

**The Three Essays** have been written entirely independently, without any consultation or reference to each other. They give, consequently, the *unbiased views* as to best methods of culture by the highest authorities in the three "leading Tomato States"—New Jersey, Pennsylvania, and Ohio. We are sure that many growers for market as well as thousands of private planters will be eager to read and profit by the latest information from such well-known authorities,—**BUT** as we are equally eager to demonstrate the marked *superiority* of BURPEE'S FORDHOOK-GROWN Tomato Seed, we will send **this Special Leaflet** containing these three essays **FREE** only to purchasers of—

**Burpee's New "Quarter-Century" Collection of Seven Sterling New Tomatoes for 1901.**

**For 25 Cts.** we shall mail to any address, *with this* "NEW LEAFLET," a liberal trial packet each of the following **Seven Superb New Tomatoes**: BURPEE'S "QUARTER-CENTURY," solid *bright-red* fruits that are larger and incomparably superior to *Dwarf Champion*,—it is the earliest and best of all dwarf tomatoes,—see description on page 80 and colored plate in *Farm Annual*; *SUCCESS*, the great "*Nineteen Hundred Tomato*," a large, solid, bright red that some growers will consider superior even to *Matchless*,—see description in *Farm Annual*;—BURPEE'S "COMBINATION," valuable alike for open ground and for forcing, as it generally fruits at every second joint;—BURPEE'S FORDHOOK FANCY, our unique new tomato, with potato-like foliage, extremely early;—FORDHOOK FIRST, the earliest smooth first-class tomato;—*ENORMOUS*, the largest and heaviest really smooth, solid, bright-red tomato yet produced;—and the *MAGNUS*, new rich purple-colored "*Livingston*" tomato from Ohio.

The above seven are in separate **liberal trial packets**, containing from two hundred to five hundred seeds of each variety.

With the first **ten thousand orders** we shall enclose in the package, with these seven, a small packet (twenty seeds only) of an **entirely distinct new extra early large-fruited tomato**, which we expect to introduce in 1902. We pay the originator a **bonus of \$100.00** for this novelty, and shall also pay more than **One Hundred Dollars in Cash Prizes** to those who *suggest a name* or report result of advance trials this season. After we have filled ten thousand orders for this collection (and can furnish *no more seed* of this "NEW LARGE-EARLY") we shall include instead a liberal trial packet of the new Sparks' EARLIANA TOMATO, described in *The Farm Annual*. Thus, even if your order arrives too late to obtain BURPEE'S "NEW '1902' LARGE-EARLY" for advance trial, you are still sure to get—

**Eight Elegant New Tomatoes for 25 Cts.!**

For this trifling sum you will thus secure sufficient seed to produce all the tomatoes that any two families can consume,—and of a quality, including the "new" Novelties, that was never possible before to obtain at any price.

**Wholesale.** We supply these Collections to dealers at **Fifteen Cents Each, or \$13.50 per 100 Collections.**

 Please tell your customers about

## The BURPEE PREMIUM at State and County Fairs

We hereby authorize the secretaries of every State Fair in the United States to offer a **cash prize of twenty dollars** for the best collection of Vegetables grown from BURPEE'S SEEDS. We authorize, also, the secretary of every County Fair in the United States to announce, in like manner, a cash prize of five dollars for the best display of the products (vegetables or flowers) of BURPEE'S SEEDS.

**In Case** this offer is not announced in the regular PREMIUM LISTS for 1901 of any State or County Fair, and a customer of ours would want to compete, we shall waive this requirement and still pay the same cash prizes,—provided the products of BURPEE'S SEEDS exclusively have won the regular Society's prize for "Best Display of Vegetables." SHOW CARDS furnished, if desired.

**Photographs.** We desire to have a photograph of exhibits winning our prize at State Fairs, and in return shall send a dollar, in addition to the prize of \$20.00, to each one sending such a photograph, while for the best photograph we shall pay a special prize of **ten dollars extra.**

**\$100.00 Extra.** We shall pay also one hundred dollars cash as an extra prize to exhibitor who wins the greatest amount of prizes for products of Burpee's Seeds in 1901.

Please write us a complete list, with amounts of money awarded, of all the prizes won at different fairs. To the party whose report reaches the **largest correct TOTAL in prizes**, we shall send our check for an extra hundred dollars. Reports should be received by October 25, 1901, so as to be in time for publication in the FARM ANNUAL for 1902.  DEAN FERRIS, ESQ., won our hundred-dollar special in 1900,—see next page.

## The Record of Burpee's Seeds for Producing Prize-Winning Vegetables and Flowers is Unequaled.

**In New York** First Prize and Sweepstakes were won by the products of BURPEE'S SEEDS exclusively. MR. E. VAN ALLEN, Delmar, N. Y., was the successful exhibitor at the New York State Fair, Syracuse, and also at the Eastern New York Fair, Oneonta, both held in September, 1900. In writing of his complete success, from our seeds, MR. VAN ALLEN aptly said: "You can claim all in sight." Including the First Prize of New York State Fair, The Albany County Sweepstakes of Seventy-five Dollars, the separate First Prizes at both fairs and the Burpee Special Prizes, Mr. Van Allen won from his exhibits at these two fairs **three hundred and sixty-one dollars in Cash Prizes.**

**Quality of Exhibits.** In a letter of September 2, 1900, MR. VAN ALLEN, after speaking of the numerous "specials" which he had won, besides the New York State Fair's First Prize and Albany Sweepstakes of seventy-five dollars extra, also offered by the State of New York, at the same State Fair, wrote:—"MR. CHAS. COOLEGE, of Phelps, N. Y., and JOHN MCCANN, of Elmira, for twenty years Superintendent of Department, stated that the exhibit was the best shown for years and that the BURPEE COLLECTION won out by many points over the three other competitors, each of whom covered the same space, forty feet in length. The worst beaten men were —. They had their signs, etc., all ready to hoist and were quite disappointed. A word regarding BURPEE'S SEEDS. I purchased over three hundred packages of your seeds. The vitality of your seeds is wonderful. My prize collection was strictly a private one and I received no assistance from any one. I paid for my seeds and grew the stocks."

**In New York.** Many other prizes were won by the products of Burpee's Seeds,—besides the State's First Prize and Sweepstakes won by Mr. E. Van Allen, at Syracuse. FRED W. TERPENING, West Oneonta, N. Y., including First Prize and Sweepstakes at the Otsego County Fair, won one hundred and forty-eight dollars at four fairs. GEORGE O. DUMAS, of Fulton, N. Y., won one hundred and fourteen dollars in prizes at the State Fair and at Oswego County Fair, including first prize for best collection at latter. HORACE L. LEET, Centre Isle, N. Y., in advising us of first prize at his County Fair, wrote September 24, 1900:—"No one could help but see the benefit of good seeds and that BURPEE'S SEEDS GROW!"  To the time of this writing (November 8, 1900) we have awarded the extra "BURPEE PREMIUM" for prize-winning collections at nineteen fairs in the State of New York.

**In Michigan.** KENNETH HANKINSON, Grand Rapids, Michigan, won the first prize for largest and best collection of vegetables exhibited in September at the Annual Fair of the Michigan State Agricultural Society, held in Grand Rapids. As these vegetables were grown exclusively from Burpee's Seeds, he was awarded our twenty-dollar special for the State of Michigan. MRS. JOHN APPS, Berlin, Mich., won many prizes at the State Fair and also the first prize for best collection at the County Fair at Berlin. Mrs. App's, October 11, 1900, wrote us:—"My vegetables were all grown from BURPEE'S SEEDS, as I use no other, for if I do I meet with disappointment, and my neighbors are beginning to say: 'I am through buying cheap seeds, and when you send to Burpee for seeds let me know and I will send, too, for I cannot grow two vegetables alike from those cheap seeds.' And now I must tell you I won on flowers and vegetables premiums amounting to \$358.00, grown from BURPEE'S SEEDS, and could not tell the value of what we sold."

**In Wisconsin.** CASPER OLSON, Genesee, Wis., in sending us the certificate of Mr. John M. True, Secretary of the Wisconsin State Board of Agriculture, stating that he had won first prize for best collection at the Wisconsin State Fair, while the second prize was won by JOHN GRAPE, all with products of BURPEE'S SEEDS, wrote that he had taken also all the premiums at the Waukesha County Fair; eighteen first premiums and four second premiums, as well as prize for the best show of vegetables at the Watworth County Fair. At the State Fair in Milwaukee he took nine first and fourteen second premiums. Where Mr. Olson took second, Mr. Grape took first on the same varieties also with the products of our seeds. In all, Mr. Olson won \$144.00 in prizes and wrote, "so now you can see what one can do by getting from a seedsman whom one can depend on for good seeds."

 Our customers will remember the splendid record made last year by MESSRS. JOHN GRAPE & CO., Waukesha, Wisconsin, who won \$234.00 in prizes on products of our seeds. While beaten in vegetables this year by Mr. Olson (but only with Burpee's Seeds), Mr. GRAPE, September 25, 1900, writes:—"At the Wisconsin State Fair we had great success with the products of your seeds. Our flowers took everything in sight. The Sweet Peas from your seeds have won the first premium every year now for twelve (12) years."

**Again in Wisconsin.** Wisconsin is the only State that seems to have two official State Fairs. At both the first prizes were awarded to our customers, and to each we have sent the extra twenty dollars as a special premium. At the Northern State Fair, held at Chippewa Falls, Wis., September 11th to 15th, the first prize for best exhibit of vegetables was won by JOSEPH WARD, of Eau Claire, Wis., with the products of Burpee's Seeds exclusively. Mr. Ward sent us two very beautiful photographs of his exhibit, and we regret extremely that we have not space to publish these. The second premium for next best collection at this fair was won by ARTHUR J. ROYCROFT, of Chippewa Falls, Wis., also with products of BURPEE'S SEEDS exclusively.

# Two Awards at the Paris Exposition in 1900

**The Only First Prize on Sweet Peas** was awarded to our exhibit of sixty varieties, all produced from our American-grown seed, of identically the same quality as sold to our customers. Large bouquets of the Tall varieties were shown in connection with pot-plants of the DWARF CUPID and BURPEE'S BUSH SWEET PEAS. These were grown specially for us by a skilled gardener in the vicinity of Paris, consequently were exhibited in first-class condition,—securing for us **“the only first prize on Sweet Peas.”** It was fairly considered the finest exhibit of Sweet Peas ever made on the continent of Europe. We received also a SILVER MEDAL for our Collection of Photographs displayed by request of the United States Government in connection with THE DEPARTMENT OF AGRICULTURE and showing views of Trial Grounds, Seed Crops, and Seed Cleaning as conducted at FORDHOOK FARMS.

## Burpee Premium at State and County Fairs,—Continued.

**In South Dakota.** H. C. WARNER, of Forestburg, won the prize of the South Dakota State Board of Agriculture for largest and best collection of vegetables at the *South Dakota State Fair*, held at Yankton, S. D., September 10 to 14, 1900. Mr. Warner in writing about same said: “I was particularly well pleased with your Onion, Beet, Carrot, Parsnip, and Salsify Seed. The products of your seeds entered largely also in the *Sanborn County Exhibit* that won first premium (\$100.00) at the State Fair and first premium (\$100.00) also at the *Corn Belt Exposition*.”

**In Delaware.** J. W. KILLEN, Felton, Del., again captured the first prize this year for the best collection, and also *seventy-six first prizes*, on vegetables that were all grown exclusively from Burpee's Seeds, and wrote, October 15, 1900: “I cannot speak too highly of BURPEE'S SEEDS.”

**In Oregon.** MRS. J. V. TAYLOR, of Salem, won both premiums for the best collection of vegetables and flowers at the State Fair held under the auspices of the *Oregon State Board of Agriculture*, Salem, Oregon, September 17th to 22d. Besides these premiums for collections Mrs. Taylor also won prize of \$10.00 for the most artistically arranged group of flowers; a prize of \$5.00 for the best floral design of cut-flowers; and special prizes for the best display of Sweet Peas, best display of Asters, and Pansies.”

**In Ohio.** Several specials were awarded for the first-prize collections at the leading County Fairs. GEO. R. CORDES, Plainville, Ohio, September 8, 1900, writes:—“I take great pleasure informing you that I have been awarded the premium for the best display of vegetables grown from your seeds and exhibited at the *Hamilton County, Ohio, Fair*. I enclose letter from the secretary certifying to this. This display attracted considerable attention and was favorably commented upon by visitors, and I think will lead to many new customers. I have also been awarded several premiums for vegetables entered in the classes which were grown from your seeds, which further demonstrates that BURPEE'S SEEDS ARE THE BEST SEEDS THAT GROW!”

**In Massachusetts.** E. C. LEWIS, Manager of *The Riverside Farm*, Taunton, Mass., October 9, 1900, sent us five photographs of his exhibits and wrote:—“I beg to inform you that I have forwarded by this mail premium cards and photograph of collection of vegetables grown from your seeds and exhibited by me at the Bristol County Fair in competition for special BURPEE PRIZE. I have taken \$170.00 in prizes and a Silver Medal on Vegetables and Flowers grown from your seeds. I think the Silver Medal Collection was a big advertisement for your seeds.” Mr. Lewis also won the field prizes on his crops of *Lane's Improved Sugar Beet*, yielding at the rate of 69 tons and 240 pounds per acre, and *Mammoth Long Red Mangels*, at the rate of 73 tons, 720 pounds per acre, as attested by CHAS. T. OLDFIELD and WM. A. LANE, Committee on Farms and Crops.

**Other Winners** of BURPEE PREMIUMS for best collections at County Fairs in the **eight States** already named, whose exhibits were grown exclusively from BURPEE'S SEEDS, are: CHARLES GODFREY, Ashland, Ohio;—L. E. WOODCOCK, Watertown, Jefferson Co., N. Y.;—MISS ETTIE M. HITCHMAN, Schoharie, N. Y.;—MRS. C. BROWN, Jasper, Lenawee County, Michigan;—MISS ELLA MAY GEORGE, Canisteo, N. Y.;—L. M. VERITY, Augusta, Wisconsin;—MRS. D. T. BARRETT, Port Clinton, Ohio;—MRS. R. N. GOODHUE, Lowell, Mass.;—HENRY JOHNSON, Canandaigua, N. Y.;—MISS LYDIA T. CHANDLER, Marsfield, Mass.;—GEORGE O. DUMAS, Fulton, N. Y.;—L. J. BRUNDAGE, Starkey, N. Y.;—E. S. PALMER, Hortonville, Wisconsin;—PRESCOTT MAINE, Clockville, N. Y.;—E. H. KIERSTEAD, Oregon, Wisconsin;—S. L. PARKER, Hadley, Mass.;—MRS. D. BLASS, Portage, Wisconsin;—HOWARD KENYON, Canton, N. Y.;—J. E. SAYRE, Midland, Mich.;—JOHN APPS, Berlin, Wis., and MRS. H. M. RODDY, Black River Falls, Wis.;—W. L. SMITH, Gaylord, Mich.;—MRS. J. HORACE WELLS, Riverhead, L. I.;—MRS. M. C. COLES, Fulton, N. Y.;—MISS M. E. EADES, Bellefontaine, Ohio;—MRS. J. M. STRONG, Onondaga Valley, N. Y.;—MRS. F. E. ARMSTRONG, Avoca, N. Y.;—MRS. M. F. PIKE, Burke, N. Y., and FRANK J. LINDLEY, Fox Lake, Wisconsin.

**In Other States.** We have space to give the addresses only of successful competitors in some other States. Each of these have been awarded an extra “BURPEE PREMIUM” of five or twenty dollars for the “Largest and Best Collection,” as the exhibits were GROWN EXCLUSIVELY FROM BURPEE'S SEEDS: A. R. WAKEMAN, Barton, Vermont;—E. C. DANIELS, Plainfield, N. H. (first prize for best collection at *Vermont State Fair*);—HARRY F. HALL, Gonic, New Hampshire;—JAS. P. WILSON, Olney, JOHN M. THOMEN, Greenup, J. B. MYERS, Shannon, and MRS. S. R. CARR, Jasper, Illinois;—ASA FARRINGTON, Bloomfield, Mrs. W. BURNSIDE, Audubon, Mrs. EDITH BRANDON, Le Mars, L. G. CLUTE, Greeley, and P. E. PENELERICK, Steamboat Rock, Harden Co., Iowa;—W. L. NOLL, Bardstown, BYRON A. OZIAS, Elizabethtown, and C. C. MUSTAIN, Seymour, Kentucky;—C. A. COE, Ottawa, Kansas;—GEORGE WAGNER, Huntsville, ALEX. FOREMAN, Coon Corners, L. K. KING, Westfield, Mrs. JAS. B. BELL, Mercer, and S. W. WYKOFF, Port Royal, Pennsylvania;—JOHN MARVEL, Traders Point (Prize Collections both at *Indiana State Fair* and *Boone County Agricultural Society*), MILTON FRANKLIN, Hagerstown, W. F. TRACY, Rising Sun, Mrs. MARY J. LYNCH, Kokomo, J. J. MILHOUS, Valley Mills, Marion County, and C. W. STALDER, Wilmington, Indiana;—DR. CHAS. LOUNDES, Easton, Maryland;—J. GOLDBERG, Rock Hill, Mrs. L. F. TAPP, Kearney, and Mrs. T. J. FIGGINS, Irwin, Missouri;—W. L. WRIGHT, North Yakima (First Prize Collection at *State Fair*), Washington;—H. E. BRADY, Minneapolis (First Prize Collection, *Minnesota State Fair*), W. L. MOORE, Brownsville, N. L. LANGESON, Hutchinson, W. G. DEACON, St. Vincent, C. H. MURPHY, Caledonia, H. W. BAULEKE, Le Sueur, and NATHAN JONES, Howard Lake, Minnesota;—MRS. H. S. MINER, Fitchville, Connecticut;—I. M. LEONARD, El Paso, and Mrs. WILL ROBERSON, Seymour, Texas;—C. D. FULLER, Glenwood Springs, Colorado;—MRS. G. W. SEDGELEY, Winthrop, Kennebec County, CHARLES B. PORTER, Houlton, S. H. DAWES, Harrison, W. A. KEYES, Farrington, and R. J. PATTEN, Topsham, Maine. Prize reports are arriving almost every day. Our special prizes for best collections of vegetables and flowers at the St. John International Exhibition were won by W. M. THURROTT, Maugerville, and C. LEONARD HAY, St. John, New Brunswick, Dominion of Canada.

**\$501.75 in 570 Prizes.** On page 16 of our “Quarter-Century” FARM ANNUAL FOR 1901 we publish an interesting letter from MR. DEAN FERRIS, and give a *résumé* of the prizes he captured at fairs in New York State and Connecticut.

As Mr. Dean Ferris won a greater amount in cash prizes than so far reported (November 8, 1900) by any other single exhibitor, he has been awarded our **Extra Special Prize of One Hundred Dollars Cash.**

**Prize Garden,—Planted with Burpee Seeds,—see third cover page.**

**BURPEE'S SEEDS** are sold in any quantity, but only under seal. They are always Genuine as dated,—if seal is unbroken.

## In Buying Burpee's Seeds you get:—

### 1. Seeds that Grow

The mere vitality of seeds, however, is proved by all honest seedsmen before selling.

### 2. Seeds that are Tested

Thousands of trials are made every year at our famous **FORDHOOK FARMS**, Doylestown, Bucks County, Pa.,—so well known as "the most complete Trial Grounds in America."

### 3. Seeds that are Warranted

We guarantee that all seeds sold by us are **FIRST-CLASS, true and pure, and of strong germinating power**, in so far that should any prove otherwise we will refill the order free or refund the price paid. Further than this we cannot warrant, but this is a satisfaction given by but few other seedsmen, and must convince even those who have never dealt with us of the extreme care that is exercised constantly—year after year—both in growing and handling our seeds,

"The Value of a Guarantee is not in what is said, but in who says it."

## Best Seeds that Grow for 1901

Tested and Proved at our Fordhook Farms

Every ounce-package is **dated** as above. Packets, although not dated (because the electrotypes, generally showing illustration of the variety and giving description, require the entire front of the bag), are filled with seeds of the same choice quality.

**SEEDS IN BULK**,—that is, Peas, Beans, etc., by the peck or bushel, and quantities of small seeds in bags, have **each sack sealed with our Trade Mark on a leaden seal.**

This new plan is a protection to honest merchants from competition with other seeds falsely claimed to be **BURPEE'S SEEDS**, and is a safe guarantee to the purchaser.

## All Burpee's Seeds are Sealed

Packets and ounces, in best quality *Spangler Water-tight Bags*, are sealed as heretofore, and bear, plainly printed, either **our Name or Registered TRADE MARK**, protected by United States Letters Patent. Quarter-pounds, half-pounds, pounds, pints, quarts, and two quarts, neatly done up in paper bags or cartons, have pasted across the top a **green label**, worded as follows :

**BURPEE'S SEEDS THAT GROW**  
For 1901

**Genuine Only if this Seal is Unbroken**
